## HOW TO IDENTIFY AN ALIEN INVASION FALSE FLAG

“...whose [Antichrist's] coming is after the working of Satan with all power and signs and lying wonders, and with all deceivableness of unrighteousness ...strong delusion, that they should believe a lie...” - II Thessalonians 2:9-11

Satan is known as: “...the prince of the power of the air...” - Ephesians 2:2

### EARLY START

Nazi Germany, especially toward the end of the war, made incredible strides in technology in just a relative short time. Their stealth Horten bomber wing technology was 30 years more advanced than what the Allied had. Other examples of the vast technology gap were their Messerschmitt jet and V2 rockets. It was all of this technology that America wanted - and worked into its own programs - regardless of the source and operators. The occult source of much of their knowledge was also introduced (Ahnenerbe). Credible evidence also suggests top Nazi scientists left Germany, via submarine convoys, prior to the war's end - with the best advancements, leaving lesser distractionary technology and scientists behind.

**Food for thought:** on average, the military complex has access to secret weapons and technology that is 10 years more advanced than civilians. On top of that, there are also suppressed advanced technologies known and controlled by very tight circles, for varying reasons.

It is well known that the Nazis were in development of flying saucers (Rundflugzeug, Feuerball, Diskus, Haunebu, V7, etc.), although specifics are scant. Considering the level of occult knowledge that they sought (Ahnenerbe) and received, along with historical insights, it is thought that this project was much more developed than initially led to believe after the war. This technology, and others, was apparently what was secreted out of German in the final stages of war. Considering that this was over 65 years ago, this technology was most likely honed and finalized decades ago in American secret projects.

It would not be a stretch to suspect that the luciferian-minded scientists involved in the US Operation Paperclip eventually also collaborated on further development of this technology. Warner von Braun, and a hundred of his team, were brought over to America. While speculation may continue, for us it is enough to highly suspect that this technology (and those behind it) will play a vital role in Antichrist's massive deception.

Warner von Braun was the Technical Director at Peenemünde (in Nazi Germany) and had firsthand knowledge of the concentration camp activity - whose slave labor was used in the rocket program. He was also held the rank of Major in the Allgemeine SS, and several times visited the Mittelwerk plant, next to the Mittelbau-Dora concentration camp.

Walt Disney was known for his acquaintance with Anton Levay: the author of the Satanic Bible and the leader of the Church of Satan - who also considered Walt one of their 'guides'. Many of Disney's films include Satanic themes and hidden occult symbolism, imagery, and perverted references. Walt was also a 33rd degree Mason, deeply knowledgeable of the occult. Walt's magic kingdom became the perfect place to bring elite people and children together without suspicion.

1943 - Mittelwerk Large German WWII weapons factory for producing V-2 ballistic missiles - built underground.

1950 Krasnokamianka Russian nuclear storage facility.

1961 - Cheyenne Mountain USA NORAD nuclear bunker and command center. Other publicly known bunkers include Raven Rock (1953) and Ft. MacArthur DC (1960).

### THE VITAL MOON TRICK

In order to one day convince mankind of a threat substantial enough for them to hand global power over to one person, mankind had to first be convinced that space travel between planetary bodies was possible - regardless of the truth.

**Insufficient:** The Apollo craft did not have sufficient shielding to protect the astronauts from above the Van Allen radiation belt - which also protects Earth from the same. The Russians tried to go beyond the belt, but were cooked; they cancelled their lunar program. Even today, few satellites have electronics ruggedly built to survive the radiation belt. Mankind has never been more than 300 miles from Earth's surface because of this.

**Human Marionettes:** As you watch them walk around, you can quickly see the cable system lift their weight a split second before they start 'jumping'. Also, their walk and gait is consistent with a cable system.

**Budget Cuts:** With advances in technology and know-how, the lunar program was wound down before too much footage was publicized, analyzed and found to be false.

**Pre-filmed:** Since the actual lunar surface portion was the unfeasible, these sequences were pre-filmed at the Atomic Energy Commissions site in Nevada, and a Walt Disney sound studio, and then later broadcast as 'live'. The Apollo moon landing had to be picture-perfect for the consuming masses.

**1960-1970 Director at NASA** Marshall Space Flight Center. His former Peenemünde teammate, Kurt H. Debus, was the first director of the Kennedy Space Center.

**1952 - The Washington Flap** For two consecutive weekends in July, numerous people saw a swarm of saucers over Washington D.C. USAF jets were scrambled with orders to shoot them down, but could not get close enough.

**1961-1972 U.S. Apollo program.** Named after Apollo, the sun god.

**1961 - Cheyenne Mountain** USA NORAD nuclear bunker and command center. Other publicly known bunkers include Raven Rock (1953) and Ft. MacArthur DC (1960).

**Deep Underground Military Bases** Many nations have long built bunkers to hide planes, secret projects, weapons, or to use as command centers. Satan, and his followers, know the destruction and famine that will come on the Earth during the Tribulation period. They have been building deep underground mini-cities to ensure their survival and comfort while they orchestrate their deceptive plan on the populations above. These bases are strategically located away from earthquake fault zones to try and survive the two global earthquakes during the Tribulation period.

2003 Columbia Accident

1986 Challenger Disaster

**Dual Programs** America's space program started as part of the Department of Defense. The part we commonly see as the civilian-oriented program is just that - the activity designed for public consumption and attention. There are still dual civilian and military programs, and should really be considered two separate space programs - you just never hear of the second one.

**1972-2011 Space Shuttle program**

- Enterprise (the plan to bring forth new global government)
- Columbia (another name for America)
- Challenger (all challengers to the plan are destroyed)
- Discovery (the unveiling of the new empire from the ashes)
- Atlantis (the name of the new empire)
- Endeavour (the labour required by the plan's followers)

**Script?** When the meaning of the shuttle names is placed in order, a phrase emerges: Columbia in a great Enterprise will Endeavour to Discover Atlantis. Challenger was ritually and symbolically destroyed, then Columbia, which is another name for America, representing a phoenix.

**John (Jack) Parsons** One of the principal founders of the Jet Propulsion Laboratory (JPL) and developed solid rocket fuel and booster rockets. Widely known for his heavy involvement in black magic. Close friends with Aleister Crowley ('the wickedest man in the world') and L. Ron Hubbard (founder of Scientology).

**1961-1972 U.S. Apollo program.** Named after Apollo, the sun god.

**1983 - Large Hadron Collider** 17 mi tunneled. 574' deep.

**1993 - Superconducting Super Collider** 14.6 mi tunneled. 200' + deep. Project cancelled.

Continuity of Control - But No Hiding Place Satan, the Antichrist, and his followers all know about the destructive judgments and activities that will happen during the Tribulation period: world war, global famine, massive fires, destructive comets, meteorite strikes, tsunamis, scorpions, global earthquakes, etc. This why they have spent decades building underground facilities to ensure their survival. The Bible also tells us that this is where they and their minions will try to hide from God: 'And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains; and said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: For the great day of his wrath is come; and who shall be able to stand?' - Rev. 6:15-17

There is a LOT of misinformation out about these perspectives, but consider these points in light of end times prophecy.

**1990 Hubble Telescope** Keep in mind this telescope was launched 20 years after funding, and 7 years after proposed launch date. The technology in Hubble was already way outdated when it was launched. Military-grade space telescopes, not to mention spy satellites have vastly superior observing power - just not accessible for civilian viewing.

Satan is known as: “...the prince of the power of the air...” - Ephesians 2:2

**Pre-Flag Event?** There may be an introductory, or pre-event, (possibly an intense meteorite storm), to instill fear and perplexity among the nations. Later, these (and upcoming Tribulation judgments) would be falsely claimed to be part of Earth changes as it moves into a new age.

**Secret Launches** Reconnaissance satellites, and other secret payloads, are routinely launched from Vandenberg Air Force Base. These secret payloads most likely contain telescopes and technology that is at least 10 years more advanced than available (or known) to civilians.

**Glowing UFOs** Technically, the reason any saucer would glow would probably be related to high-tension electric charges used to push air out of their path. These fields would ionize the air at higher altitudes, and produce a glow.

**Fake Aliens** Aliens became the perfect diversion to keep focus off of Operation Paperclip, the Nazi scientists, their technology, and our advances and further development of it. Considering who is behind this, do not be surprised if 'real' fake aliens (fallen angel offspring) shows up in the picture eventually.

**Spiritual Tie-in** The fake alien threat will also be mingled with using the same technology to appear god-like, and to present manifestations in the sky (like the queen of heaven) to discredit and unify the major world religions to a more mystical, new age concept.

**Fake Audio** The necessary sound effects for this supposed fleet of invaders will be by utilizing acoustic ELF, VLF, and LF waves, broadcast from the increasing network of transmission towers.

**L. Ron Hubbard** Lived at the occult commune with Parsons (Agape Lodge), and actively participated in the magic rituals with Parsons, including conjuring fallen angels. Created the cult of Scientology. The existence of extraterrestrial entities operating unidentified flying objects are an element of its beliefs. Tom Cruise, an avid and influential adherent, often stars in alien-related propaganda and conditioning films.

**1993 - Superconducting Super Collider** 14.6 mi tunneled. 200' + deep. Project cancelled.

**1998 International Space Station** The most expensive single item ever constructed. Considering some of the influences behind the space programs, one could consider the ISS to be a modern-day, international tower of Babel, reaching to the heavens.

**Ionosphere Activation** Satellites with fancier versions of electron guns can project on the ionosphere's sodium layer, projecting moving images just like older television sets. From a distance, it can look like a fleet of alien craft, incoming meteorites, etc.

**Fake Advancements** Using projected light orbs in the atmosphere, they can easily create what looks like an UFO moving at high speed, and making unconventional turns and stops to give the illusion of technology beyond normal aerodynamics.

**Fake Rapture?** The space-based deception will likely start Act 1, with the Rapture as the cure. Using the combination of visual and acoustic technology, the fake alien threat will quickly come on the scene with similar lights and sounds in the sky to confuse the two events, and to later explain away the Rapture, as well as insert additional chaos to cover what actually happened.

**Magnified Threat** Using only a few actual, functional flying devices, the Antichrist and his followers can fake the fleet of craft high up in the sky. Only a few functional props are needed for public consumption to convince them that the lighted orbs filling the skies are indeed a real threat.

Equipped with pseudo-lasers, in combination with pre-placed explosives, they can convince the populace to cower at their presence and serve them.

The craft may have technology that has hitherto been suppressed, such as energy weapons and power sources that enable them to perform demonstrations never before seen by the public.

**Fake targets.** The cities and areas chosen as 'targets' by this theatrical threat will have pre-planted devices (low-yield nuclear?) to simulate the false threat's false weaponry. The choreographed interplay will make it appear that the Antichrist has access to incredible mobile weaponry.

**Fading Power** At the beginning of the Tribulation is probably when the Antichrist will pull off the greatest orchestration, since there will be much greater infrastructure to use. As the Tribulation progresses, the damage (earthquakes, etc.) will likely progressively limit his options. In areas of resistance, active cell towers will likely become targets for sabotage.

**Paper Tiger?** The ability to detect whether 'patrols' are real or not may influence resistance efforts and movements. Keep the eyes in the sky in mind as well.

**In the Know** The Antichrist and his helpers will most likely have a degree of forewarning about incoming celestial Tribulation judgments such as the meteorites. They will perhaps put their spin on the events, and claim credit for the wonders and signs.

**Identifying False Flags**

**Visual Input Will Usually Override Mental Judgment** *"Judge not according to the appearance, but judge righteous judgment."* - John 7:24. Ideas and propositions that enter through your visual senses are 10x more powerful than any of your other senses. Get accustomed to not having a television, or relying largely on visual news feeds. The end-times deceptions are deliberately engineered to take advantage of your visual senses to override your critical judgment.

**Lack of Information** During a situation of catastrophic peril and events, most likely the cell phone and internet will not be accessible. Radio and television stations will probably have a similar repeated message. Use a shortwave radio and/or ham radio to try and glean additional information. Perhaps research means to detect when the technologies behind the lying wonders are being activated. Also, high-powered spotting scopes with appropriate sun guards.

**Lack of Time** The threat and peril will deliberately be presented in a manner to force quick reactions and judgments. Be pre-warmed, and prudently prepared so that you are not in a situation where you are forced to make uninformed or hasty decisions.

**Lack of Evidence** The strongest way to mentally overcome any false flag is to have greater evidence toward another conclusion. Examining and setting what Scripture says about the deceptions that will usher in the Antichrist (and define him) will be a definite advantage to helping you overcome the mental and visual deceptions as you seek additional information. Gaining at least a familiarity of technological facilitations toward these deceptions will help you identify them easier.

**Seem Familiar?** If you feel like saying, "This is just like out of a movie..." then chances are higher that events may be scripted.

**Fits Pattern?** Information and pre-warnings will often come close to identifying a potential warning; however, the warnings cannot foresee all possibilities, outcomes, and nuances. The specifics and applications may vary, but examine if the events have a strong foundation in what you were previously warned about.

**In the Know** NASA is well aware of space-based threats from the sun and other celestial bodies. This insider knowledge can be used to coincide with false flags for greater effect. Not only can they mitigate their own damage during celestial events, but they can also use those events as a cover story while they inflict their own surgical destruction. Hype and hysteria can also be built in anticipation of a perceived celestial event to facilitate change or fear. Fake meteorites can be achieved with plasma weapons.

“...and fearful sights and great signs shall there be from heaven.” - Luke 21:11

**False Signs** Given the suspected level of technology, it is not impossible to think they might concoct a false (or true minor) threat from space, and then fake incoming debris or meteorite strikes. This may be done to cause panic, suspend sovereign laws, create international efforts, destroy assets such as aircraft carriers - or all of the above.

The end-times deceptions are deliberately engineered to take advantage of your visual senses to override your critical judgment.

Lack of Information During a situation of catastrophic peril and events, most likely the cell phone and internet will not be accessible. Radio and television stations will probably have a similar repeated message. Use a shortwave radio and/or ham radio to try and glean additional information. Perhaps research means to detect when the technologies behind the lying wonders are being activated. Also, high-powered spotting scopes with appropriate sun guards.

Lack of Time The threat and peril will deliberately be presented in a manner to force quick reactions and judgments. Be pre-warmed, and prudently prepared so that you are not in a situation where you are forced to make uninformed or hasty decisions.

Lack of Evidence The strongest way to mentally overcome any false flag is to have greater evidence toward another conclusion. Examining and setting what Scripture says about the deceptions that will usher in the Antichrist (and define him) will be a definite advantage to helping you overcome the mental and visual deceptions as you seek additional information. Gaining at least a familiarity of technological facilitations toward these deceptions will help you identify them easier.

Seem Familiar? If you feel like saying, "This is just like out of a movie..." then chances are higher that events may be scripted.

Fits Pattern? Information and pre-warnings will often come close to identifying a potential warning; however, the warnings cannot foresee all possibilities, outcomes, and nuances. The specifics and applications may vary, but examine if the events have a strong foundation in what you were previously warned about.

In the Know The Antichrist and his helpers will most likely have a degree of forewarning about incoming celestial Tribulation judgments such as the meteorites. They will perhaps put their spin on the events, and claim credit for the wonders and signs.

Paper Tiger? The ability to detect whether 'patrols' are real or not may influence resistance efforts and movements. Keep the eyes in the sky in mind as well.

Continuity of Control - But No Hiding Place Satan, the Antichrist, and his followers all know about the destructive judgments and activities that will happen during the Tribulation period: world war, global famine, massive fires, destructive comets, meteorite strikes, tsunamis, scorpions, global earthquakes, etc. This why they have spent decades building underground facilities to ensure their survival. The Bible also tells us that this is where they and their minions will try to hide from God: 'And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains; and said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb: For the great day of his wrath is come; and who shall be able to stand?' - Rev. 6:1
